

## Whole House PMP - \$449:

- Washer maintenance includes the following services: pull and check seals and hoses, clean out accessible drain pump filters, pull and clean dispenser and housing. On top load machines, clean agitator and tub ring and on some top loaders the washer will be opened up and top of tub cleaned.
- Dryer maintenance includes the following services: vacuuming the interior of the dryer to eliminate lint build-up and fire hazards. If dryer has rollers, posts will be properly cleaned and lubricated. Transition hose will be cleaned thoroughly and checked for leakage.
- In addition we will inspect all connections, operations, balance and more; diagnosing any issues while insuring your laundry machines are operating efficiently and correctly
- Refrigerator maintenance includes the following services: vacuuming and cleaning behind and underneath your fridge; thorough cleaning of the condensing coil, fan, motor, and drip pan; inspecting connections, motor, fan, water lines etc., diagnosing any issues found.
- Dishwasher maintenance includes the following services: inspecting original installation; securing and leveling as needed; cleaning out the food catch, sump area, sprayer arms and drain line, diagnosing any issues found.
- Garbage disposal inspection includes the following services: checking motor and grinder operation. Cleaning interior of garbage disposal with ice. Checking air gap to disposal hose for debris and blockage when applicable, diagnosing any issues found.
- Oven - Test at 350 degrees and calibrate if necessary and possible.
- Added bonus: Gas cooktop, inspect and clean burners if necessary.
- Complimentary plumbing inspection.

\*\*\*Any additional labor and parts needed at time of maintenance will be given a 10% discount off normal pricing.

**Extra Value - included for 1 year from date of purchase, client will be extended waived Dispatch Fees - \$50 value per appointment. and 10% discount off any diagnostic, labor, install and parts on all laundry and kitchen appliances.**

Most repairs are \$100 - \$250 + parts. Some repairs do require extra labor, extra fees for additional manpower, mileage fees, out of area service, fees for expediting or extra/special equipment to perform the repairs and/or maintenance. These fees should be discussed prior to A+ Certified Appliance being contracted to perform maintenance, service or labor.
